## 1

### **Adhesive manufacturers**

- a) To carry on business as manufacturers, suppliers and dealers in all kinds of adhesives, adhesive substances and sealants.
- b) To manufacture, supply and deal (without prejudice to the generality of the foregoing) in glue, gum, paste, sealing wax, wafers, adhesive tapes, sticky tapes, fly paper, plaster and sticking plaster.
- c) To process, supply and deal in fins, skins, bones, horns and other fish and animal products useful to adhesive manufacturers.
- d) To manufacture, process, supply and deal in all adhesive constituents, including flour, starch, whiting, linseed and other oils, turpentine and pigments; and generally to deal in substances of all kinds.
- e) To carry on business as chemical engineers and chemists.
- f) To manufacture and deal in all things (whether plant, machinery, materials, substances or otherwise) capable of being used in the manufacture of adhesives and associated products.
- g) To manufacture and deal in any goods which the company may conveniently manufacture or deal in while engaged in the manufacture and supply of adhesives and associated products; or to carry on any business whatsoever which the company may wish to carry on.

## 2

### **Advertising**

- a) To carry on business as an advertising agency.
- b) To engage in the work of advertising contractors, whether for the purpose of acquiring advertising time and space in the media, or for any purpose whatsoever.
- c) To carry on the business of creating advertising materials and producing advertisements.
- d) To do anything or undertake any campaign or project designed to publicise or promote any commodity, service, person, idea or thing.
- e) To design, produce, manufacture, supply and deal in promotional articles, whether for sale or for use as samples or gifts or otherwise.
- f) To manufacture, supply and deal in advertising stores and requisites, and in all equipment, plant, materials, appliances and things capable of being used in the production of advertisements or in the process of advertising.

- g) To engage in the business of market research consultants, and to conduct market surveys and engage in market measuring, testing and developing.
- h) To carry on business as public relations consultants.
- i) To act as agents in any agency transaction which the company may be willing to undertake.

### 3

#### **Aerated Water Manufacturers**

- a) To carry on business as manufacturers, bottlers, canners, suppliers, distributors, importers, exporters, and dealers in aerated waters, whether or not mineralised and containing natural or artificial flavours, sweeteners and colourings.
- b) To produce, manufacture, supply import, export, buy, sell, and otherwise deal in the constituents of the aforesaid products, whether or not such constituents be additives for improving storage life or product appearance, and including carbon dioxide, flavourings and sweeteners.
- c) To manufacture, supply, import, export, and otherwise deal in all plant, machinery, equipment, articles and things capable of being used in the manufacture and production of aerated waters and other beverages, including saturators, siphons, carbon dioxide generators, gas holders, bottlers, bottlers, cans and dischargers.
- d) To manufacture, produce, supply and deal in beverages of all kinds (not limited to aerated waters).

### 4

#### **Aeronautical Engineers**

- a) To carry on business as aeronautical engineers and aeronautical engineering contractors.
- b) To engage in aeronautical engineering activities of all kinds, including but not limited to the planning, design, construction and testing of aircraft.
- c) To carry on business as aircraft maintenance engineers and technicians.
- d) To assemble, manufacture, supply, import, export, buy, sell, deal in, store and warehouse aircraft of all kinds; and to do likewise in respect of aircraft parts and accessories, and in respect of all things capable of being used in connection with the manufacture, repair, maintenance, supply, sale or disposal of aircraft parts.
- e) To enter into and execute any contracts for the modification, alteration, renovation and equipping of aircraft.
- f) To carry on the business of installing, maintaining, repairing and servicing aviation systems and equipment.

- g) To engage in any branch of engineering whatsoever.
- h) To engage in research work in aeronautical engineering or any field whatsoever; and to turn the findings thereof to account.
- i) To act as consultants and advisers on matters pertaining to aeronautical engineering (or any subject whatsoever)
- k) To build, acquire, establish and maintain aircraft testing and operating sites, workshops, factories, laboratories, research centres, depots, warehouse, offices and other premises through which the objects of the company may be carried out.

## 5

### **Agribusiness**

- a) To engage in any or all of the activities of producing, supplying, preserving, processing, storing, distributing, and marketing farm produce and products.
- b) To engage (without prejudice to the generality of the foregoing) in farming in any or all of its branches.
- c) To carry on business as farm produce merchants.
- d) To engage in the storage of farm produce and to provide all facilities required therefore, including storage bins, barns, silos and depots.
- e) To engage in the preservation and processing of farm and agricultural produce and products.
- f) To carry on business as food and produce packers, and to manufacture and deal in containers and packaging materials.
- g) To carry on business as manufacturers and dealers in any and all products made from farm produces.
- h) To carry on business as food and produce carriers, or carriers answering to any description whatsoever.
- i) To carry on business as manufacturers and dealers in agro-allied equipment and supplies, including but not limited to farm implements and machinery, fertilizers, improved seeds, agrochemicals and livestock feeds.
- j) To carry on any or all of the businesses of agribusiness consultants, researchers, publishers, agricultural financiers, general financiers, agricultural engineers, general engineers, and irrigators.
- k) To acquire, establish, manage and run grocer's shops, meat shops, provision stores, hardware stores, garden centres, supermarkets and outlets of all kinds suitable for retailing the company's products; and to do likewise in respect of factories, abattoirs, farms, warehouses and other premises required to carry out the objects of the company.

m) To establish and run agricultural schools and other establishments suited to training and instruction in agriculture and other subjects useful in agribusiness.

## 6

### **Agricultural Engineers**

- a) To carry on business as agricultural engineers and agricultural engineering contractors.
- b) To engage in agricultural engineering activities of all kinds, whether or not relating to farm power or soil and water control, and including the design, development and application of agricultural implements, machinery and installations.
- c) To manufacture, supply and deal in agricultural equipment and materials.
- d) To carry on business as agricultural irrigators, and to provide systems for the watering of land by artificial means and engage in consultancy services relating thereto.
- e) To engage in any branch of engineering whatsoever.
- f) To engage in research work in agricultural engineering or any field whatsoever; and to turn the findings thereof to account.
- g) To act as consultants and advisers on matters pertaining to agricultural engineering (or any subject whatsoever).
- h) To carry on the business of farming in any or all of its branches; and to carry on any business whatsoever which the company may wish to carry on.

## 7

### **Agro-Allied Equipment**

- a) To carry on business as manufactures, importers, exporters, suppliers and dealers in all machinery, plant hardware, tools, implements, instruments, apparatus, materials and things capable of being used in agriculture and agribusiness.
- b) To manufacture, supply and deal (without prejudice to the generality of the foregoing) in tractors, ploughs, harrows, cultivators, manure spreaders, seed drills, combine harvesters, hay balers, thrashers, rakes, reapers, rippers, scythes, disc ridgers, separators, rice hullers, maize shellers, winnowing machines, and farm machinery and implements of all kinds.
- c) To manufacture, supply and deal in silos, cribs, barns, storage bins, holding bins, conveyors, elevators, fork-lifts, loaders unloaders, stackers, and storage equipment of all descriptions.

- d) To manufacture, supply and deal in hutches, coops, cages, hatches units, incubators, harnesses, milking machines, drying units, manure scrapers, collection troughs, feed-mixing machinery and all livestock-rearing equipment.
- e) To manufacture, erect, install, supply and deal in irrigation systems, dewatering systems, pumps, heat exchangers, kilns, dehydrators, spray chambers, refrigerated trucks, tipping trailers, turbines, compressors, mills, fertilizer plants, refrigeration plants, water treatment plants, and all agro-allied plants and structures.
- f) To manufacture, supply and deal in all parts and accessories of the aforementioned equipment.
- g) To manufacture and deal in all things (whether plant, machinery, materials, substances or otherwise capable of being used in the manufacture and supply of agro-allied equipment).
- h) To carry on business as agricultural engineers, or engineers of any description whatsoever.
- i) To carry on business as industrial designers.
- j) To engage in the installation, repair, maintenance and servicing of agro-allied and other equipment.
- k) To carry on business as general merchants.
- l) To acquire and establish factories, foundries, workshops, depots, warehouses, stores, shops, offices and other premises through which the object os the company may be carried out.

### **Aircraft**

- a) To carry on business as manufacturers and suppliers of aircraft
- b) To assemble, construct, import, export, store and warehouse, lease, act as agents for the sale, purchase and lease of, and otherwise deal (without prejudice to the generality of the foregoing) in all types of aircraft for use in civil aviation.
- c) To assemble, construct, import, export, store and warehouse, lease, act as agents for the sale, purchase and lease of, and otherwise deal in all types of military aircraft, whether operated by pilots or guided only by electronic systems, and including but not limited to missile aircraft, bombers, fighters, attack planes, anti-submarine warfare helicopters, trainers, tankers, transporters and gliders; and to provide any and all equipment, weapons, ammunition services required to equip any kind of military aircraft.
- d) To carry on business as manufacturers, suppliers and dealers in aircraft parts and accessories.
- e) To acquire sites suitable for the operation, testing, maintenance and assembly of aircraft.

- f) To carry on business as aeronautical engineers, or engineers of any description whatsoever.
- g) To carry on business as aircraft maintenance engineers and technicians.
- h) To provide programmes and facilities for instruction and training in the operation and use of aircraft and aircraft equipment.
- i) To carry on business as consultants and advisers on matters pertaining to aeronautics and aviation (or any subject whatsoever).
- k) To engage in research work in aeronautics and aviation, or any field whatsoever.
  
- l) To conduct any business which may usefully be carried on in conjunction with the business of aircraft manufacturers and suppliers, or any business whatsoever which the company may be desirous of undertaking.

9

**Airline Owners**

- a) To carry on business as airline owners and managers, and to provide air transport for public use.
- b) To provide all necessary or desirable services ancillary to the aforementioned object, including booking, reservation, routing and ticketing services, baggage management, in-flight catering and entertainment, and the provision of hotel accommodation where appropriate.
- c) To engage in the business of airline contractor managers, and, on behalf of owners wheresoever domiciled, to run and manage airlines howsoever characterised and of whatever fleet size.
- d) To purchase, hire, charter, or otherwise acquire aircraft of all descriptions, whether or not classified as feeder liners or airliners, and including helicopters, hovercraft and seaplanes; and to operate, use, maintain, dispose of, and deal in the same in any desired manner.
- e) To undertake the training and instruction of pilots, flight engineers, navigators, stewards, air hostesses and aviation personnel of all descriptions; and to provide all facilities necessary therefore.
- f) To carry on any or all of the businesses of freight forwarders, licensed customs agents, general carriers, transport agents, cargo handlers, warehousemen, travel agents and tour operators.
- g) To acquire all concessions, grants, licences and powers required to carry out the objects of the company; and to deal in and dispose of the same in any desired manner.

- a) To carry on business as amusement caterers, and to provide, arrange, organise, finance, present and supply amusement of all kinds, whether describable as spectacles, performances, divertissements, diversions, or otherwise.
- b) To carry on business as proprietors and managers of amusement arcades.
- c) To carry on business as proprietors and managers of fairgrounds, amusement parks, adventure parks, theme parks, holiday camps, recreation grounds, and amusement and supporting premises of all kinds.
- d) To carry on business as sports promoters, entertainment promoters and circus proprietors.
- e) To enter into all agreements necessary for engage the services of performers, artistes, entertainers, producers and all persons whose services may be required for any of the company's activities.
- f) To maintain, supply and deal in (or manufacture) all appliances, apparatus, materials, equipment and things suited to use in providing amusements, including fairground and amusement arcade equipment, sporting equipment, and entertainment recording or transmitting apparatus.
- g) To carry on business as restaurateurs, and as purveyors of refreshments and sundry stores.
- h) To advertise and publicise the activities and business of the company by all desirable means.
- i) To acquire all powers, licenses and rights necessary or desirable to carry out the objects of the company and deal in and dispose of the same in any desired manner.

## 11

### Art Equipment

- a) To carry on business as manufacturers, suppliers and dealers in art equipment and materials.
- b) To manufacture, make, import, export, supply and deal in paints, oils, watercolours, crayons, charcoal, paintbrushes, palettes, easels, canvas, picture frames, sketchbooks, drawing pens and pencils, chisels, burins, burrs, etching-points, copper plates, steel plates, and all other equipment, tools, apparatus, materials, and things suitable for art use.
- c) To select, process, prepare, provide, supply and deal in clay, store, wax, wood, papier-mâché, bronze and other materials which may be worked upon to create artistic works
- d) To manufacture and deal in all things (whether plant, machinery, materials, substances or otherwise) capable of being used in connection with the manufacture, supply and maintenance of art equipment and materials.
- e) To build, acquire, establish and maintain factories, warehouses, stores, shops, offices and other premises through which the objects of the company may be carried out.
- f) To print and publish brochures, or any matter whatsoever (whether or not related to art equipment and materials).

- g) To carry on business as suppliers and dealers in artists works.

12

**Art Galleries**

- a) To carry on business as proprietors and managers of art galleries.
- b) To build, acquire, provide, equip and maintain art galleries and other premises suitable for displaying, storing, making and dealing in artistic works.
- c) To buy, sell, import, export, supply and otherwise dealing in artistic works, whether classified as paintings, drawings, sketchings, pictures, photographs, etchings, engravings, sculptures, carvings, or otherwise.
- d) To manufacture, make, import, export, supply and deal in art equipment and materials, including but not limited to paints, oils, watercolours, paintbrushes, palettes, easels, canvas, crayons, charcoal, chisels, gravers, clay, wax and picture frames.
- e) To carry on business as painters, sculptors and designers, and as artists and craftsmen of all kinds.
- f) To engage in making artistic works, and to enter into any desirable agreements in respect thereof, whether or not with artists, art collectors and buyers, and whether in respect of commissioned work, or otherwise.
- g) To carry on business as valuers and appraisers of artistic works, and as restorers and auctioneers.
- h) To carry on business as organisers of exhibitions.
- i) To act as agents and managers of artists.
- j) To carry on business as art historians, and to act as consultants, whether in respect of art, artistic works, art gallery management, or otherwise.

13

**Art Museums**

- a) To carry on business as proprietors and managers of art museums.
- b) To build, acquire, provide, equip and maintain art museums and other premises suitable for exhibiting, preserving and studying artistic works and objects of artistic interest.
- c) To collect, preserve, study, store and exhibit artistic works and objects of artistic interest; and to provide instruction and information on the same.

- d) To undertake research work, whether or not on behalf of or in collaboration with other persons; and to use or make known the results of such work in any desirable manner.
- e) To print and publish art journals, or any matter whatsoever.
- f) To carry on business as seminar organisers and library proprietors.

#### 14

#### **Auctioneers**

- a) To carry on business as auctioneers, and to acquire, dispose of and deal in all kinds of property, real or personal.
- b) To engage in the business or businesses of surveyors, valuers and appraisers of property, whether real or personal.
- c) To carry on the business of restoring, cleaning, repairing, improving, converting, modifying and altering all kinds of property, whether works of art, buildings, vessels or otherwise.
- d) To undertake the exhibition of any property or thing.
- e) To act as brokers and agents for any persons in respect of any dealings with any property.

#### 15

#### **Aviation**

- a) To carry on the business of an aviation company and to engage in any or all activities relating to the aviation industry, whether civil or military aviation, and whether relating to aircraft, aircraft personnel, airports, airport management, airline management, or otherwise, and whether or not relating to construction, manufacturing, assembly, trading, leasing, or the provision of services; and generally to enter into and undertake, alone or jointly with any person (corporate or unincorporated), all manner of contracts relating to aviation in any respect whatsoever.
- b) To carry on business as assemblers, manufacturers, suppliers, importers, exporters, dealers, storers and warehousemen, buyers and sellers of, and craft parts and accessories; and to engage in the manufacture and supply of all things capable of being used in connection with the manufacture, supply and maintenance of aircraft and aircraft parts and accessories.
- c) To acquire, maintain and manage sites capable of being used in connection with aircraft, whether or not as aircraft depots or airports and aerodromes, and whether for the use of the company or for use by any other company or person.
- d) To carry on the business of an airline, and to undertake the carriage by air of passengers and freight, whether by scheduled or non-scheduled flights, and whether by aeroplanes, hovercraft, helicopters, or otherwise; and to act as travel agents, tour operators, freight forwarders, licensed customs agents, cargo contractors and warehousemen.

- e) To provide air services of any description whatsoever, whether or not in connection with rescue operations and the delivery of emergency aid by air, aerial fire-fighting, aerial photography, the aerial inspection of, or attention to, pipelines, telephone cables, industrial and military installations, livestock, game animals, farmland, archaeological sites and ecological features.
- f) To carry on business as proprietors and managers of aviation schools and other establishments for the training and instruction of pilots, flight engineers, navigators, stewards, air hostesses and other aviation personnel.
- g) To carry on business as proprietors and managers of flying clubs and other associations designed to serve the needs and interests of private pilots and flying enthusiasts.
- h) To act as consultants and advisers on matters pertaining to aviation (or any subject whatsoever).
- i) To carry on any business which may usefully be carried on in conjunction with the business of an aviation company, or any business whatsoever which the company be be desirous of undertaking.

## 16

### **Aviation Instruments**

- a) To carry on business as manufacturers, suppliers and dealers in aviation instruments and systems, and all appliances, apparatus and equipment capable of being used in relation to aviation, whether or not for use in aircraft or at airports and similar establishments, and including aircraft operating instruments, radio navigation systems, instrument landing systems, air-traffic control systems, and radar and radio communications equipment.
- b) To manufacture, supply and deal in all accessories, fittings, components and parts capable of being used in connection with aviation instruments and equipment.
- c) To manufacture, supply and deal in all things (whether plant, machinery, substances, materials or otherwise) capable of being used in connection with the manufacture, supply, installation and maintenance of aviation instruments and equipment.
- d) To carry on the business of installing, maintaining, repairing and servicing aviation systems and equipment.
- d) To make, supply and deal in charts of every kind relating to aviation, including aeronautical charts, radio charts and flight maps; and to prepare and provide flight information in any form whatsoever.
- e) To carry on business as engineers (whether aeronautical, electrical, mechanical engineers otherwise), and as service and maintenance technicians.
- f) To manufacture, supply and deal in electrical, electronic and scientific instruments, or instruments of any description whatsoever, together with their accessories, fittings, components and parts; and to install, maintain, repair and service the same.

**Bakers**

- a) To carry on business as bakers, and to make, manufacture, produce supply and deal in bread, cakes, biscuits, pastries and baked foods of all kinds.
- b) To manufacture, make, produce, supply and deal in flour, meal, yeast, baking-powder, baking-soda, milk, fruit, nuts, honey, preserves, cream custard, flavourings, sweetnings and all baking ingredients and fillings, as well as all things associated with baked foods.
- c) To supply and deal in confectionery of all kinds, and generally to carry on business as purveyors of provisions.
